## Convenient Passport Verification Methods to Know Before Using SKT Products

## Verification method

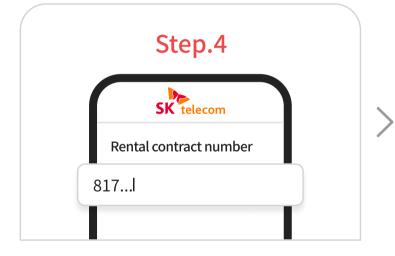

Install the eSIM on your phone by scanning the QR code on the voucher

Check SKT & data usage after arriving in Korea

Enter the passport information verification page

Enter the mobile phone number and rental contract number on the voucher

Enter your passport information (i.e., last name, first name, passport number, date of birth, nationality)

## Tips for verification!

- · If the authenticity of the passport information cannot be verified, please remove any special characters and spaces from the name and enter it again.
- The online passport information verification system is provided as a QR code in the email voucher and the contract, available every day from 8 AM to 10 PM.
- · If you wish to verify passport information outside the available hours online, please proceed with the verification process at the airport roaming center.
